

# Ammonia Refrigeration Audit

Is your arena fully compliant with ALL health and safety regulations?

Are you confident your safe operating procedures are compliant and being followed?

Is your emergency preparedness adequate, and is it compliant with ALL current legislation?

**Facilities are aging and regulations are changing.**

There is a lot at stake. Failure to know the answers to these questions poses a significant risk that could result in:

- equipment damage
- business interruption
- costly fines
- injuries
- fatalities
- lawsuits
- potential criminal liability

**Barantas offers a COMPLETE audit that fully covers all regulations and legislation.**

**A Barantas Refrigeration Audit reassures your staff, facility visitors, and outside contractors that:**

- your arena is up to regulatory compliance
- your safety procedures have been externally reviewed
- you are committed to providing a safe and healthy environment in which they can work and play

**Barantas can help you Minimize Risk and Liability while Building Public Confidence in Arena Facilities and Ensuring Safe Workplaces for Arena Employees.**

**No one wants a critical incident.**

If you have not had a comprehensive, independent and unbiased audit of your arena facilities in the past year, or an engineer certified audit in the past two years, now is the time to contact us.

**Audits are available across Canada and we are currently booking into 2018.**

**Contact us now to reserve your audit.**

Protect the public • Protect your staff • Protect yourself

**We build relationships based on mutual trust. How?**

**By providing clients with comprehensive, long-term protection and a personalized partnership, anchored by our commitment to service excellence.**

Barantas has been conducting compliance audits since 2002. Our team includes industry experts who understand and specialize in the unique challenges associated with arena and cold storage ammonia systems.

Founded in 2002, Barantas is a full-service, fully insured health and safety firm. Our mission is to proactively promote and create safe and healthy work environments across Canada. To achieve this goal, we continually strive to improve health and safety programs, elevate individual and corporate health and safety awareness, and develop technology that supports workplace and public health and safety.

#### **A Barantas Ammonia Refrigeration Audit will:**

- Ensure you are in **compliance** with all relevant regulations and legislation
- Assist in **managing risk** by identifying any safety concerns or shortfalls in documentation
- Help protect and **reassure the public**, your service workers and operators
- Provide you with a **detailed report** outlining any compliance gaps and provide recommendations or solutions to address these gaps
- Provide you with a **framed certificate** which can be displayed publicly in your facility once the facility passes compliance
- Collect and maintain all records in our proprietary **BRASS Compliance Database** to ensure fast and accurate access moving forward

#### **Barantas also specializes in providing:**

- Emergency plans
- Safe operating procedures
- M/SDS management
- Health and Safety software (BRASS)
- Training
- Ergonomic services
- and much more

## Safe & Healthy Workplaces

A progressive approach to health and safety allows you to better manage your risk and liability while sending a clear message to your staff, facility users and the community as a whole that you are committed to their health and safety.

Protect the public • Protect your staff • Protect yourself

## Levels of Assurance

Level 1: General Compliance Audit Report

Level 2: Engineer Certified Compliance Report\*

*(quoted on a case by case basis)*

\* *Engineer certified reports will be provided and a certificate bearing a compliance stamp with engineer sign off will be issued once a facility passes compliance. Level 1 reports that are significantly not compliant will require a Level 2 report to qualify for a compliance certificate.*

**Audits are available across Canada and we are currently booking into 2018.**
